## PROFILE

I am an Actuarial Analyst specializing in the Solvency II regulatory framework and IFRS 17 financial reporting for the P&C business. I aim to apply my strong educational background and expanding actuarial expertise to transform complex regulatory requirements into strategic, data-driven solutions. Proficient in tools like Excel, VBA, and Power BI, I streamline data processing and improve reporting accuracy. I am also a proactive contributor to improvement initiatives, consistently delivering high-quality results that align with and support strategic goals.
